ABOUT ACT EXPO

The Advanced Clean Transportation (ACT) Expo is the commercial transportation industry's largest conference and expo spotlighting the vehicle technologies and fuels driving economic and environmental fleet sustainability. The event serves as fleet managers' annual destination to network, learn, and establish procurement plans for low- and zero-emission commercial and transit vehicles. More than 400 companies sponsor and exhibit at ACT Expo, showcasing 200+ clean commercial vehicles and the most advanced products in the market today.

”

ACT Expo is the greatest assembly of zero-emission vehicle technologies and supporting equipment in the country.

-Calvin Jones,
Division Chief,
**Montgomery County Fleet
Management Services**

Las Vegas Convention Center

ACT Expo by the Numbers

12,000+

Attendees

2,700+

Fleet Operators

400+

Sponsors & Exhibitors

200+

Vehicles on Display

225+

Speakers

100+

Media Members

This is a **must-attend event for all fleets** as they progress from ICE to zero emissions. The technology available at ACT Expo is unrivaled by any other fleet conference.

- Dan Berlenbach,
Fleet Services Manager,
City of Long Beach

Why Attend ACT Expo?

Join the who's who of transportation for a week of education, networking, and discovery. Gain insight into the regulations, funding programs, technologies, and trends advancing clean transportation solutions at the largest advanced commercial vehicle technology event.

Benefits of Attending:

- Hear real-world case studies from fleets adopting new technologies, including battery-electric, hydrogen fuel cell, renewable fuels, efficiency technologies, and more
- Gain insight into the ever-evolving regulatory and funding landscape for fleets of all applications and sizes
- Access 200+ advanced clean vehicles on display and meet in-person with hundreds of leading OEMs and suppliers
- Get a firsthand look as the largest players in the industry announce new vehicles, products, and partnerships live
- Take a test drive in 30+ advanced trucks, buses, and vans at the Ride & Drive event

”

The Expo Hall at ACT Expo was awesome. I was amazed to see all the new technology on display.

- Michael Rader,
Region Fleet Manager,
Frito Lay / PepsiCo

Leading Fleet-Focused Education

Over the past year, fleets have continued deploying clean vehicle technologies at an unprecedented rate. With an ever-evolving regulatory landscape, states across the country have begun introducing zero-emission vehicle sales and purchase mandates. Funding opportunities at the federal and state levels have skyrocketed, helping reduce the cost for fleets integrating clean vehicles.

ACT Expo provides fleets with an understanding of the advanced technologies and fuels available in the market, offering insights from early adopter fleets and executives from major OEMs and technology suppliers.

Topics Include:

- Vehicle and Infrastructure Incentive Programs
- Low- and Zero-Emission Vehicle Regulations
- Infrastructure to Support Zero-Emission Transportation
- Electromobility
- Hydrogen Fuel Cell Vehicle Deployments
- Supply Chain Efficiency
- Low-Carbon Fuels
- Connected and Autonomous Technologies
- Corporate Sustainability and ESG
- State of Sustainable Fleets

”

ACT Expo is the premier show to learn about and experience all things alternative fuel.

- Thomas Griffin,
Sr. Advisor – Electric and
Alternative Fueled Vehicles,
FedEx Freight

Agenda at a Glance

During the four-day conference, more than 225 expert speakers will share insights into the vehicles, technologies, trends, regulations, and programs shaping the future of commercial transportation while driving economic and environmental sustainability. [Learn More »](#)

Media Events and Announcements

ACT Expo is the premier event to access breaking industry news, see new product reveals and vehicle unveilings, and learn about major clean commercial transportation projects and partnerships as they're announced. [Learn More »](#)

The industry's leading organizations make their announcements at ACT Expo. In 2023, this included:

Who Sponsors or Exhibits?

ACT Expo sponsors and exhibitors represent the industry's leading vehicle manufacturers, technology providers, and fuel suppliers across all commercial vehicle sectors, weight classes, and advanced technologies.

Categories Include:

- Alternative Fuels
- Autonomous Vehicles & Technology
- Auxiliary Power Unit (APU)
- Battery Electric
- Battery Technology
- Biofuels
- Cargo & Material Handling Equipment
- Compressors
- Connected Vehicle Technology
- Construction Equipment
- Cylinders & Tanks
- Delivery Trucks
- Engines – Zero and Near-Zero Emissions
- EV Charging – Automated
- EV Charging – Mobile
- EV Charging – Solar
- EV Charging – Wireless
- EV Charging Stations
- Fuel & Vehicle Efficiency Technology
- Heavy-Duty Vehicles
- Hybrid
- Hydrogen & Fuel Cell
- Infrastructure Developers
- Light-Duty Vehicles
- Medium-Duty Vehicles
- Powertrains
- Propane Autogas
- Refueling Station Developers
- Refuse Trucks
- Renewable Natural Gas
- School Bus
- Shuttle Bus
- Telematics
- Trailer Solutions
- Transit
- Transport Refrigeration Unit (TRU)
- Utility Vehicles & Equipment
- Yard & Port Tractor

Advanced Clean Vehicles

Find more than 200 advanced commercial vehicles and technologies at the expansive expo hall across battery-electric, hydrogen fuel cell, renewable fuels, efficiency technologies, and autonomous and connected technologies. [Learn More »](#)

Ride & Drive

At the Ride & Drive event, attendees can get behind the wheel and test drive advanced clean vehicles spanning all weight classes and applications.

Who Attends?

ACT Expo brings together 12,000+ clean transportation leaders, including fleets, OEMs, technology and fuel providers, public agencies, utilities, policymakers, trade organizations, and more.

Fleet Attendee Titles:

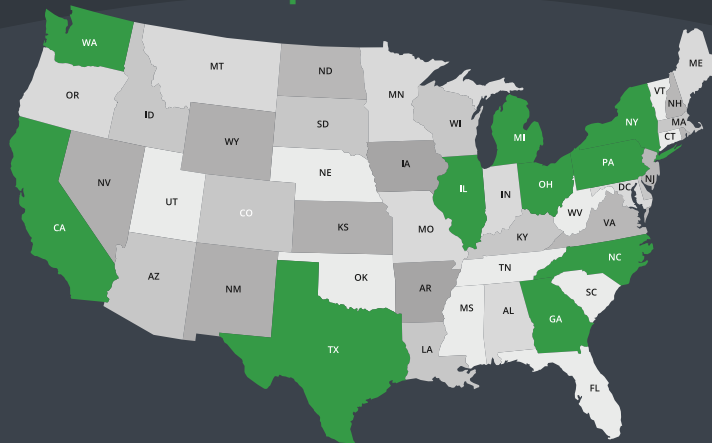

- CEO/Founder/President/Owner
- Compliance Program Manager
- Director, Alternative Fuels Program
- Director of Fleet Services
- Director of Fleet, Facility, & Maintenance
- Director of Transportation & Energy Planning
- Director of Vehicle Supply Management
- Fleet Acquisition Manager
- Fleet Maintenance Lead
- Fleet Manager/Supervisor
- Manager, Logistics
- Public Policy Manager
- Senior Engineer, Transportation Energy
- Transportation Manager
- Vehicle Supply Management
- Vice President Operations
- Vice President Transportation

Attendee Title Categories:

- Academia & Research
- Air Quality
- Environmental Agencies
- Government
- Policy Regulators
- ESG – Sustainability
- Program & Project Managers
- Consultants/Advisory/Analysts
- Procurement & Fleet
- Marketing/Coordinators/Communications
- C-Suite Level/Founder/President/Owner
- Editors/Media/Journalist/Public Relations
- Engineers/IT - Technical Engineers
- Business Development/Sales Managers
- GM/Director/EVP/SVP/Partner
- Investors/Finance
- Product Managers/Product Specialist
